PROFILE

Motivated and detail-oriented React Frontend Developer with hands-on experience building responsive, user-friendly, and visually appealing web applications. Proficient in React.js, JavaScript (ES6+), Tailwind CSS, and Firebase. Passionate about clean UI, component-based architecture, and delivering smooth user experiences across all devices.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3
Frameworks: React.js, React Router, Context API
Styling: Tailwind CSS, Bootstrap, CSS Flexbox & Grid
Backend/DB: Firebase Authentication, Firestore, REST API Integration
Tools: Git, GitHub, VS Code, Postman, Vercel
Other: Responsive Design, Cross-browser Compatibility, UI/UX Design

PROJECTS

School Management System 2026

React.js, Tailwind CSS | github.com/adeel-151

- Built a responsive school management app with role-based dashboards for Admin, Teachers, and Students.
- Implemented Firebase authentication for secure login and Firestore for real-time data management.
- Features include attendance tracking, grade management, and timetable display with clean React UI.

E-Commerce Website 2026

React.js, Context API, Tailwind CSS | github.com/adeel-151

- Developed a fully responsive e-commerce frontend with product listing, search, filtering, and cart management.
- Used React Context API for global state management of cart and user session.
- Designed clean product detail pages and a smooth checkout UI with mobile-first approach.

Hospital Management System 2026

React.js, React Router, Tailwind CSS | github.com/adeel-151

- Developed a responsive Hospital Management System frontend using React.js and Tailwind CSS.
- Built modules for Patients, Doctors, Appointments, Billing, and Dashboard Management.
- Implemented React Router for seamless navigation and reusable component architecture.

WORK EXPERIENCE

React Frontend Developer — Training & Academic Projects 2023 – 2026

Self-initiated | Saylani Mass IT Training (SMIT), Peshawar

- Built and deployed multiple React.js web applications with responsive design and clean UI/UX.
- Implemented Firebase authentication and Firestore integration across several practice projects.
- Collaborated in group training projects at SMIT, applying agile practices and peer code reviews.

EDUCATION

Bachelor of Science in Computer Science Nov 2023 – Expt Oct 2027

University of Agriculture — Specialization in Web Development & Frontend Engineering

- Project: Innovations in Responsive and Interactive Web Applications.
