PROFILE

Motivated and detail-oriented Web Designer and Frontend Developer with strong expertise in HTML, CSS, JavaScript, React.js, and WordPress. Skilled at building responsive, user-friendly, and visually appealing websites with a focus on modern design principles and performance optimization.

WORK EXPERIENCE

Frontend & Web Developer (Project-Based & Freelance Work)

Self-initiated & Academic Projects | 2023 – Present

- Developed responsive and modern websites using HTML, CSS, JavaScript, and React.js.
- Designed and implemented interactive UI/UX elements ensuring cross-browser compatibility and mobile responsiveness.
- Built WordPress-based websites for clients, focusing on customization, performance, and SEO-friendly structures.
- Implemented authentication and Firestore database integration with Firebase in multiple practice apps.
- Developed e-commerce prototypes using both pure frontend (HTML, CSS, JS) and React.js, focusing on user-friendly design and cart management.
- Collaborated in group training projects at Saylani Mass IT Training (SMIT) Peshawar, applying agile practices and code reviews.
